

Lucia is a corporate human resources director for a mergers and acquisitions company that acquires car washes in the southwest. She loves interacting with others, helping people and making a real impact. It was a natural fit for her to get involved with 5280 AIR Society. Being able to make a difference in the lives of the children at the Morgridge Academy brings Lucia so much joy. In her free time, she enjoys golfing, cooking, traveling and spending time with her husband, three kids and pet.
